Quality Assurance Specialist

HelpLine is seeking to fill the position of Quality Assurance Specialist. The Quality Assurance Specialist is responsible for working closely with agency leadership to develop, implement, and maintain QA/CQI processes with a primary focus on the 988/National Suicide Prevention Lifeline programming but also the overall agency programs targeting youth suicide and violence prevention, sexual assault services, older adults related programs, and other crisis focused services. This position chairs the QA Committee, made up of staff representatives and oversees the implementation of the annual QA plan. This includes facilitating regular assessments of all program and agency processes, goals and outcomes as they relate to quality. The position will monitor and ensure compliance and high level of performance with 988 quality assurance and other measures e.g. helping the agency determine barriers to reaching expected requirements and outcomes through data reporting, analysis, and working with teams.

The Quality Assurance Specialist helps to identify areas needing improvement by reviewing policy, procedures, training, business practices, and available data to also facilitate compliance with funder contractual obligations and accreditation standards as well as to maintain standards of excellence in programming and agency administration. This is position is 40 hours per week with benefits and reports to executive management. This is not simply a compliance role. This position must have a strong understanding of our values, services, and mission and work effectively and personably with fellow team members to help reinforce investment and value around outstanding customer service and high expectations of all aspects of agency performance. This position is not currently hybrid eligible. However, HelpLine provides flexibility when needed. The position is based in Delaware, Ohio,
