

HelpLine

The community's go-to for supporting and empowering change.

Hotline Specialist

Are you passionate about helping people in their most critical moments? As a Hotline Specialist with HelpLine, you will provide 24/7 support, connection, and advocacy to individuals navigating crisis, emotional distress, or urgent needs. Serving as the first point of contact for our 2-1-1 / Information & Referral and 988 / Crisis Hotline Programs, you will listen with empathy, assess needs, de-escalate crises, and connect community members to life-saving resources such as shelter, food, behavioral health care, or victim support services. Every day, you'll make a tangible difference by offering a calm and compassionate voice when people need it most.

In this role, you'll draw on your training to deliver trauma-informed, culturally responsive care across multiple access points—phone, text, and in-person. You will also provide education, safety planning, and advocacy to ensure individuals not only find immediate relief but also have a pathway toward long-term stability and well-being. Specialists support a wide range of community needs, from suicide prevention and behavioral health resources to sexual assault response, victim advocacy, and emergency basic needs assistance.

This position is ideal for someone who thrives in a fast-paced environment, values teamwork, and wants to empower others by reducing barriers to care. As part of a trusted and accredited hotline team, you'll have the opportunity to work at the intersection of crisis response, social services, and community empowerment—helping to strengthen the safety net and improve the quality of life for thousands of residents in our region.
